GOOD ROADS FOR MIRROR

The government contractor who has the job of grading the road between Stettler and Nevis, has completed the new work for about five miles west of Stettler, and is now grading from Nevis east. This road will run parallel with the Canadian Pacific railway, along the north side, and will thus do away with travellers from the west and north crossing twice, the two roads, the Canadian Pacific railway and the Canadian National railway, in making a trip east of Nevis. It will also make the trip shorter by a mile or two.

It is planned for next year to extend the grading north of Nevis to Buffalo Lake, and thence west and north to Mirror, where it will join the road running west of Mirror.

The new grading near Stettler is a good piece of work, and when the whole plan of reconstruction is completed it should form one of the best highways in the province. Another fine stretch of road is the one between Mirror and Bashaw in Councillor Jewell's district.

Succeeds Mr. Might

A. G. Johnson, of Edmonton, has been appointed to the Mirror Union Church and preached his first sermon here last Sunday evening. He has been engaged for the past two years in Boys' Work at McDougall Church, Edmonton, acting in the capacity of secretary for the Boys' organization, and is very enthusiastic over this branch of church work.

Mr. Johnson went to Edmonton on Tuesday and will return to Mirror in his car, which will be used in the work here and surrounding appointments.

Fighting The Weeds

Never before in the history of all Western Canada have the residents of the rural districts combined to fight the weed menace, as is the case in Alberta this year. Through the efforts of the Field Crops Branch of the Department of Agriculture at Edmonton, a strong organization has been built up through almost the entire province to combat the weeds. More than 130 rural municipal councils throughout the territory south from Edmonton to the U.S. border, have appointed weed inspectors of their own, in co-operation with the department supervisors, such a measure of co-operation not previously been experienced in the province. Intelligent interest is being taken by all concerned in the fight against the spread of weeds. Colored plates describing the most serious of the weeds have been distributed by the department to municipal councils, schools, etc., and the campaign is beginning to have results.

M. Ebert Howe, Registered Optician and OPTICIAN, will make his next regular visit to Mirror, at the Imperial Hotel, on Tues. Nov. 4th. 38

Card of Thanks

We wish to thank the many friends and neighbors for their thoughtfulness and sympathy in our recent loss of a loving wife and mother.

Thomas Fleming and Family

The R. & B. gang are busy this week making repairs to the Canadian National railway bridge over the Lamerton creek. New piles are being driven in to strengthen the structure.

A sign painter was in town last week and decorated the business places of Spiece & Son and E. E. Estell with Imperial Oil Co. signs, and also the delivery truck of J. F. Flewell.

A dance in the Grand theatre is on the program for Monday evening, September 29th, the Mirror Tennis Club being the promoters. Fleming's Famous 4-Piece orchestra has been engaged for the occasion. Don't pass this up.

Thank 'ee, Fan.-Ed.

Threshing This Week

Threshing in the Mirror district will be under way this week, providing the weather man favors the country with weather suitable for the occasion.

George Nois, who has already threshed some rye will tune up again and start in on the wheat, while Simpson & Son, who expect to start next week, are putting their engine and separator in order. Other owners of threshing rigs are doing likewise. It is expected that the can will be a short one this season. There is some talk of threshermen charging by the hour instead of the bushel, on account of the quantity of pig-weed.

A number of Mirror's flin fans went to Stettler last Monday evening to see the Nolan-Fox scrap, which was arranged by the Elks of that town. The preliminaries were very fair, while the chief attraction was a rattling good ten-round bout, with Fox having the advantage in nearly all the rounds. Nolan, who hails from Drumheller, weighed in at 200 pounds, while Fox, of Stettler tipped the scales at 175. It was estimated that there were 1200 people in attendance.

Home Bank Cases To Cost Much Money Is Opinion Expressed

Toronto.—Conflict trial in the history of Canada—such is the prediction of legal experts in regard to the conclusion of Home Bank cases now under way before Judge Cowart at the City Hall.

Conservative estimates are that the trials will cost between \$100,000 and \$200,000. There are 18 reality, eight trials, for each of the defendants and officers accused is to face the charges against him, separately.

The order in which the main fact trial has been fixed by the crown are as follows:

Ocean G. Smith, chief accountant (case now proceeding);
Sydney Jones, auditor;
Clarence Smith, director;
C. A. Barnard, director;
F. J. H. Russell, director;
J. F. M. Stewart, director;
Richard P. Gough, director and vice-president.

S. Casey Wood, director.
There were originally nine defendants, but the death of H. J. Ford, president of the bank, removed one defendant from the roll. It will be noted that the two officers are first being tried and following them are the two Montreal directors.

A dozen well known counsel are engaged in the various cases, as well as a number of lesser counsel. The cost of the legal profession—There are some eighty witnesses, coming from Vancouver to Montreal, and their expenses will be heavy. The best estimates are allowed \$1,000 a mile, but mileage at the rate of 20 cents a mile is allowed as expenses to witnesses from out of town.

Winnipeg, Man.—Formation of an industrial army with compulsory enrolment for able single men seeking employment relief and for married men, for carrying on work such as roadbuilding, clearing brush, was advocated by a resolution by the Army and Navy Veterans' Association members in convention here. Hundreds are willing to work, but are afraid to go in.

World's Wheat Crop Justifies Expectations Of Advance In Price

Calgary.—"Statistically, the world's wheat crop justifies higher prices than are now being paid," said Mr. W. W. Walker, who is now in Europe after actually investigating the various wheat-growing areas, including Russia, and who is now in Europe after actually investigating the various wheat-growing areas, including Russia, and who is now in Europe after actually investigating the various wheat-growing areas, including Russia.

Mr. Walker believes that Canada may export the amount indicated, 21,000,000 quarters, or 165,000,000 bushels, if the price is higher, but not otherwise. He is of the opinion that the price level was too low last year, compared with the world crop, and that the price level was too low last year, compared with the world crop, and that the price level was too low last year, compared with the world crop.

This is the pig, or the grain situation in the world at present as gathered by G. H. Walker, of Sidney, N.S., a member of the grain firm of Lindsay and Walker, who is returning to Australia after visiting the Wembley exhibition and spending many weeks in practically every grain-growing country between Sweden and the borders of the Balkan states. Mr. Walker was in Calgary, stopping off to see the progress made here since his last visit in 1905.

All of Russia, reports Mr. Walker, has a poorer crop than last year, and a very poor one. Mr. Walker says the wheat situation that Jacy Wilson, in the London Times, was criticized for saying that Mr. Walker's estimate of the wheat crop was too high, but he was in London. The estimate of

Mr. and Mrs. T. B. Hewitson, who have been spending the past four months with Mr. and Mrs. W. G. Walker, will leave to-morrow (Thursday) for their home in Winnipeg. A series of farewell parties have been given for Mrs. Hewitson, and also Mrs. A. Cormack, who is also leaving about the 1st of October for an extended visit in Scotland. On Thursday of last week, Mrs. Walker entertained in honor of her mother, Mrs. Hewitson, and also Mrs. Cormack. Mrs. D. E. Bull was hostess at her home on Friday evening, at which the departing ladies were the honored guests. Monday afternoon of this week, Mrs. Chas. Sardes entertained with a whist drive and handkerchief shower. The round of social affairs was brought to a close this (Wednesday) when Mrs. F. Morrison gave a delightful afternoon.

October Rod And Gun

The readers of the October issue of Rod and Gun in Canada are introduced to the intimate haunts of the elk, the roe deer and the moose. The Bugler of Crystal Mountain by Naine Le Roy Gayle is an unusually interesting biography of the elk. Bonnydale Dale, in his best style, makes us acquainted with the roe deer in Nova Scotia. Sure Fire Fishing on French River by J. B. Kerrott is a description of an ideal place for the sport of the angler. Bob White's Rival, a story of Hungarian partridge hunting in Alberta, by W. D. Elliot is equally interesting reading and back to Nature, by "Nimrod II" and Surprises by Miller by Martin Hunter, are two particularly entertaining sketches. In addition to these in this well illustrated number, there are numerous other worth-while articles and stories and the regular contributors have packed their departments full of interesting material from first hand experience.

Rod and Gun in Canada is published monthly by W. J. Taylor, Limited, at Woodstock, Ont.

LAST ISSUE

This issue brings to a finish, so far as the present editor is concerned, the publication of The Mirror Journal. Like many other publishers throughout the country, we have found the volume of business inadequate to meet the outlay necessary in conducting a printing plant, and have therefore decided to close the office.

We are sending out a number of accounts which we trust will meet with a ready response. Thank you.

W. J. Good, Editor

Miss Gracie Tulloch left last Monday for Dewberry for a visit of a couple of weeks. A big improvement is reported in the condition of Mrs. Gordon Tulloch, who is in the hospital at Lloydminster.

FAMOUS CANADIAN REGIMENT'S BAND FOR BRITAIN

Photographed at Vaudreuil Station, Montreal, prior to sailing on the Canadian Pacific liner "Empress of France." The band of the famous Princess Patricia's Canadian Light Infantry, clad in post-time scarlet, is on its way to the British Empire Exhibition, Wembley. Every man is a veteran of the war.
